

A Proposition in Shoes

The three important factors in footwear are Style, Fit and Quality. The proposition, is how to secure them at the lowest cost.

It is easy when the latter is not to be reckoned.

But to sell shoes that the most people want, at the price they are willing to pay requires enterprise, capital, low expenses.

All these things are in our favor, enabling us to solve the proposition to the satisfaction and profit of our customers. Become one of them.

DIPPING OF SHEEP IS COMPLETED IN ARIZONA

Inspector Allen Says That Results Were Unusually Good There.

Dr. Ed. R. Allen, United States veterinary inspector, arrived in the city today, from a trip through Arizona, where he has been for the past four months engaged in the supervision of sheep dipping. Dr. Allen stated today that dipping is completed in Arizona, while in New Mexico the sheep men are scarcely half through, and will not finish until possibly October first.

He also says that the sheep of Arizona were not as badly affected this year as had been anticipated. There are some cases of quite badly affected sheep, but as a whole they were not much affected.

The sheep owners were very prompt in moving their herds. The solution of sulphur and lime in the one and mostly throughout Arizona, and is reported to have done good work. There are several other solutions that the government considers effective, such as tobacco and the cresote and coal tar dips.

The sheep owners have a right to select whichever one they desire, and most of them selected the lime and sulphur. A general clean-up of all the corals, that were found to have contained infected sheep was ordered, and the dipping solution was used in most of these cases. The infected sheep receive two dips, the first apart, while the uninfected ones get but one dipping. After ten days it is said, the eggs that are in the wool have all hatched and the second dipping cleans them all out.

Grazing conditions are reported to be excellent through Arizona and a large amount of wool is expected to be obtained this season.

Dr. Allen will be in the city for an indefinite period, awaiting instructions from Washington.

KENNEL CLUB WILL HOLD MEETING

There will be a meeting of the Kennel club tonight in the fair association rooms over the Zeiger cafe at 8 o'clock for the purpose of discussing matters relating to protecting valuable and pet dogs from death by poisoning or other means at the hands of malicious persons. Everybody who is a lover of dogs, whether he owns one or not, is invited to be present at the meeting.

RUG TALK.

Everybody buys rugs. But do you buy a seamless? Futrelle Furniture Company.

There's nothing so good for a sore throat as Dr. Thomas' Electric Oil. Cures it in a few hours. Relieves any pain in any part.

HAY BALING CONTEST ARRANGED FOR BIG FAIR

Aeronaut Blondin Coming With His Big Balloon Next Week.

As a special feature for the agricultural exhibit of the territorial fair the management has decided to hold a hay-baling contest. This contest, while it will naturally engage in rivalry the various makes of baling machinery, is a contest primarily for farmers and the prizes offered are the following:

The weight of a bale must not be less than 20 pounds nor more than 105 pounds.

The points on which judgment will be made are neatness, shape of bale and general expertness of the baling with three wires.

All bales made in the contest will become the property of the fair association when the entry is made.

No entrance fee is required and but one entry is allowed for each baler.

Ten entries are desired, but if less than ten enter, no money prizes will be awarded.

Entries will close October 7 at 6 p. m.

The following are the prizes:

First prize, \$5; second prize, \$3, and third prize, \$2.

Balloon Coming.

A message was received by Manager Hubbs this morning from Aeronaut Blondin stating that he was in Denver and would arrive in Albuquerque tomorrow or Monday. His balloon outfit has been purchased and is being shipped here by express.

The fair officials are figuring on a number of theatrical attractions and as soon as it is definitely known whether or not they will be able to get the Parker Carnival company to come here, some of the independent companies will be closed with in the event of the fair association not being able to contract with the carnival company the La Rose Electrical fountain, which is a splendid attraction, and a first-class trained animal show will probably be on the list of features.

NOTICE.
I hereby give notice that after this date I will not be responsible for any debts contracted by my wife, Elvira Lawers, except for medical treatment and the filling of prescriptions.
THOMAS K. LAWERS.

Our Black Cat stockings for men, women and children outwear anything on the market. They are a boon to everybody who has no time, inclination or ability for darning; 12 1/2 or 50 cents pair. C. May's Shoe store, 314 West Central avenue.
